

Health impact of environmental chemicals on future generations

国際シンポジウム: 環境化学物質と次世代への健康影響

【Date / Time】 **28th** October (wed) , Open 9:00 Start 9:25

【Place】 Chiba University Nishichiba Campus
Library(Akalin) Contents Studio Hikari, 1F

【Participation fee】 **Free**

【Program】

International Symposium “The health impact of environmental chemicals”

9:25 – 9:30 Introduction Prof. Chisato Mori

9:30 – 10:10 Air pollution exposure and allergic diseases for children living near a petrochemical complex : Prof. Chang-Chuan Chan

10:15 – 10:55 Social Determinants of Health and Epigenetics:

A New Tool for Health Policy : Prof. William A. Toscano

11:00 – 11:40 Health effect of environmental chemicals : Prof. Emiko Todaka

11:40 – 12:00 Summary and Discussion : Prof. Chisato Mori

12:15 – 13:00 Lunchtime seminar(日本語)

ISO17025 Kickoff symposium “PCB analysis methodology” (日本語)

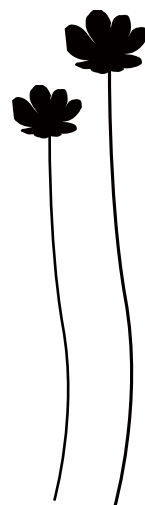

13:30 – 13:45 Lecture 1: A prospect of our research with ISO17025

13:45 – 14:30 Lecture 2: An explanation of ISO17025

14:30 – 14:45 Break

14:45 – 15:15 Lecture 4: Method for Analyzing PCB in Blood Serum using GC/NICI-QMS

15:15 – 15:45 Lecture 5: Introduction of examples for research
